ELEVATING THE EDUCATION EXPERIENCE

GENERATION SCHOOLS NETWORK

Upcoming Events

SEL Forum - Executive Function: Needs and Support

Date: October 18, 2022; 4:00-5:30MT

Participants will learn why students struggle with Executive Functioning. We will also engage in activities you can implement with your students right away when they are encountering challenges around Executive Functioning. Finally, we will explore instructional resources that help young learners develop skills and support their Executive Functioning strategies.

Good News!

Ready to help with EASI

Now that you've received your SPF and DPF reports, Generation Schools Network (GSN) can support you in writing [EASI grants](#) to help your schools or district access resources and be a partner in program implementation. GSN has again been approved as a District Strategic Planning, School Holistic Review and Planning, District Improvement Implementation, School Improvement Implementation, District Management, School Management Provider, and general STLD

provider with CDE. These grants can bring in valuable funding for improvement efforts for any schools/districts identified for improvement by the state, including holistic needs assessments, engaging stakeholders in your community, making improvement plans, and support for implementing those plans—including professional development.

You don't have to do it alone! GSN can help your school or Local Education Agency through every step of the process, from writing and submitting the grant application to supporting your improvement process with evidence-based processes and experienced support staff. You can find [your school's eligibility information here](#).

Please contact the [GSN staff member](#) you work with most frequently or [Nate Levin-Aspenson](#) to learn more. **Applications are due December 9th!**

GSN Staff Gather for Annual Staff Retreat

From September 19-21, GSN staff came together to connect with each other and to prepare for a successful school year with our district partners. Our team spent time planning around critical questions, learning about new service offerings such as Restorative Practices, and attending a Colorado Rockies game at Coors Field!

If you'd like to learn more about how GSN can support your school, contact [Alison Lauge](#).

Principal Induction Kicks Off With Cohort 4!

Members of our 4th Cohort of the Principal Induction Program met with GSN's Olivia Bachicha to begin their journey toward professional licensure! The program framework is designed to meet state requirements for new principals, principals new to their district or BOCES, as well as incoming out-of-state principals in making a successful transition into their new school environment. Our Inductees, from Huerfano, Trinidad, Chavez/Huerta Preparatory Academy, and Las Animas will be working hard this year to increase their leadership capacity so they can lead Colorado schools well into the future.

If you would like to learn more about starting a similar program at your school, district or BOCES, contact [Olivia Bachicha](#).

Delta Dental Foundation Supports Key College and Career Readiness Work with New Grant!

We are excited to announce an expansion of our workforce improvement pathways, made possible by a generous grant from the Delta Dental Foundation. This grant will allow GSN to build an oral health workforce pipeline across the Front Range Equity Network (FREN), I-76 Corridor, and Spanish Peaks and Santa

Fe Trail BOCES regions to create a more racially and ethnically diverse oral health workforce, reduce access-to-care barriers, and increase the amount of culturally relevant oral healthcare that is available to these communities. By helping our community of dental healthcare professionals to better represent the communities they serve, together we can unlock high quality professions for more people while ensuring that more of Colorado’s beautiful smiles get the care they need.

To learn more about this new grant, or discuss additional partners GSN is seeking to support our work, contact [Alison Lauge](#).

GSN is hiring!

Want to join our team? Or do you know of great candidates that should be on our radar? Please share our openings with your networks, too!

- Senior Education Specialist
